Our STORY

The dream began in 1971 when Morris Vavold Sr. and his son, Jim Vavold purchased the property now known as Mr. V's Restaurant. Brick-by-brick, this restaurant was built by our family until it officially opened in 1974. Three years later, the support of local patrons inspired us to build what is now the dining room. Today, the restaurant is a 3rd generation family-run business.

Our "recipe for success" at Mr. V's follows the same formula we use in the kitchen: a genuine passion for excellence, and never cutting corners. We hope that you enjoy your dining experience and become an integral part of our ongoing continually changing history. Our employees and valued patrons are like a large extended family, and that is what makes Mr. V's special - the people.
